Regarding Certain Media Reports about Our Company

Yesterday, there was a report distributed in a paid English-language article by Mergermarket stating that our company has initiated a bidding process toward going private; however, this information was not announced by our company.

As has been the case previously, in our consideration of various measures to enhance corporate value, we are broadly examining a wide range of management options, including those mentioned in the report, but no decisions have been made at this time.

Should our company make any decisions that require disclosure in the future, we will announce them promptly.
